Overview of the Automobile Aftermarket

1. Overview of the Automobile Aftermarket	3
2. Market Environment of Automobile Aftermarket	4
3. Size of Automobile Aftermarket	6
(1) Areas related to automobiles	6
(2) Areas related to components and accessories	7
(3) Areas related to maintenance	9
(4) Areas related to infrastructure and services	10
4. Business Performance in Automobile Aftermarket	11

1. Used Cars

1. Market Scale	17
2. Distribution of Used Cars	20
3. Trends in the Used Car Business	23
4. Trends in Purchasing Business	29
5. Results of Consumer Surveys (How Purchasing Shops Have Been Used)	32
[Business performance of 8 major used card dealers]	34

2. Car Auctions

1. Market Scale	37
2. Market Trends	
(1) Trends over the past decade	38
(2) Trends over the past few years	40
(3) Business issues and directions	43
[Business performance of 8 major car auction companies]	50

3. Automobile Leasing

1. Market Scale	53
2. Trends According to the Type of Companies	58
3. Trends in Automobile Leasing	60
4. Circumstances of Automobile Leasing to Individuals	65
5. Future Directions	67
[Business performance of 26 major auto leasing companies]	70

4. Car Rental Business

1. Market Trends	75
2. Market Size	77
3. Results of Consumer Survey (Car Rental)	80
[Business performance of 3 leading car rental companies]	81

5. Automobile Products

1. Market Size	85
2. Market Trends	92
3. Expansion of Used Automobile Products Business	101
4. Results of Consumer Surveys (Automobile Products, Used Automobile Products)	104
(1) Consumer behavior when purchasing automobile products	104
(2) Impressions of automobile products shops	106
(3) Usage of used automobile product shops	108
[Business performance of 5 major automobile product wholesaling manufacturers]	110
[Business performance of 2 major automobile product wholesaling and retail companies]	111
[Business performance of 3 major retail companies]	112

6. Repair Components	
1. Market Trends	115
2. Market Size.....	117
[Business performance of 27 major automobile component wholesaling companies]	120
7. Recycled Parts (Findings of the research in 2003)	
1. Used Parts.....	125
2. Rebuilt Parts	125
3. The Future of Recycled Parts.....	132
8 . Automobile Service Industry	
1. Market Trends	139
2. Market Data of Automobile Servicing	141
3. Business Operations in Automobile Servicing	148
4. Results of the Consumer Survey (Regular Checkup, Compulsory Automobile Inspection, Light Sheet Metal and Repair Works)	153
(1) Car Owners' Usage of Business Categories for Check-up Service, and Expectations.....	153
(2) Car Owners' Usage of Business Categories for Automobile Inspection Services, and Expectations	154
(3) Car Owners' Usage of Business Categories for Light Sheet Metal Work, and Expectations.....	154
(4) Car Owners' Usage of Business Categories for Repair Services, and Expectations	155
9 . Automobile Maintenance Equipment	
1. Market Trends	159
2. Market Size.....	160
[Business performance of 4 major automobile maintenance tools/equipment dealers].....	162
10 . Automobile Insurance	
1. Market Trends	165
2. Market Size.....	166
3. Major Players and Industry Data.....	171
4. Findings from the Consumer Survey (Voluntary Automobile Insurance).....	176
(1) Users' interest in voluntary automobile insurance.....	176
(2) Current state of voluntary automobile insurance purchase and method of purchase.....	176
(3) Opinions and requests to automobile insurance company (Open-ended questions)	176
11 . Gas Stations	
1. Market Trends	181
2. Market Size.....	183
[Business performance of 21 major companies operating gasoline stations]	186
12 . Parking Lots	
1. Market Size.....	191
2. Business Activities	192
3. Future Directions	196
[Business performance of 10 major companies operating parking lots]	197

<Index: Charts and Tables>

Overview of the Automobile Aftermarket

1. Overview of the Automobile Aftermarket	3
2. Market Environment of Automobile Aftermarket	
3. Size of Automobile Aftermarket	
Areas related to automobile	6
Parts and accessories	7
Parts and accessories (Auto products and components)	8
Maintenance	9
Infrastructure • Other services	10
4. Business Performance in Automobile Aftermarket	
Business performance (profitability) by category	11
Transition of sales by business category (Index)	12
Transition of profit ratio by business category	13

1. Used Cars

The number of registered used cars (new, transferred and change of user)	17
Used car-related statistics	18
Flow chart of used car distribution	20
Status of used car distribution (Expressed in approx. numbers in 2003)	22
Operations of major used car-related companies	25
No. of cars sold by major used car dealers	28
No. of used card sold by used car dealers affiliated with manufacturers' dealers	28
No. of registered used cars by manufacturer	28
Operations of major used car purchase-related companies	30
Companies operating major purchasing dealer chains	31
No. of cars purchased by major purchasing dealer chains	31
Results of Consumer Surveys (How Purchasing Shops Have Been Used)	
Did you check the purchasing price of your old car?	33
How did you dispose your old car?	33
Recognition of old car purchasing dealers	33
Intention to use car purchasing dealers	33
Business performance of 8 major used car dealers	34

2. Car Auctions

Automobile ownership and registration/Status of auction	37
Status of auction	42
No. of cars displayed/No. of successful biddings/Transition of rate of successful biddings	42
Agreed price	42
Forecast of the number of cars to be displayed at auctions	45
Number of used cars without registration	46
Number of cars displayed at auctions by group of auction companies	47
Business description of major auction-related companies	48
Major auction related companies	49
Business performance of 8 major auto auction companies	50

3. Automobile Leasing

No. of cars contracted for leasing	53
Ratio of leasing contracts to the total new car sales	54
Ratio of cars leased to the total number of cars owned	55
Total no. of cars owned and no. of cars leased	56
The number of cars owned for leasing by type of cars	57
The number of cars owned by JALA member companies by type of business	58
The number of cars owned by JALA member companies: Percentage ratio by type of business	58
The number of cars owned by JALA member companies by type of cars	59
M&As by leasing companies	62
The number of cars owned by major leasing companies	63
Corporate group of leasing companies	64
No. of cars owned by JALA member companies for leasing to consumers	66
Percentage ratio of the number of cars owned by JALA member companies for leasing to consumers	66
Demand forecast of auto leasing (no. of cars owned for leasing)	68
Growth rate of auto leasing, and real GDP of Japan	69
Business performance of 26 major auto leasing companies	70

4. Car Rental Business

No. of cars owned for rental	77
The number of cars for rental owned by major car rental companies	78
Degree of dependence of construction companies on rented cars	79
Results of Consumer Survey (Car Rental)	
Usage of rental cars in the past four to five years	80
Business performance of 3 leading car rental companies	81

5. Automobile Products

Transition of market size of commercially available automobile products	87
Domestic shipment value of commercially available automobile products by category	88
Major automobile product manufacturers by category	90
Automobile supplies and equipment sales of 12 automobile manufacturers	91
APARA: Managerial data of member companies	96
APARA: Percentage breakdown of member companies' sales by category	97
Major automobile product shop chain: No. of shops	98
Shops affiliated with tire manufacturers: No. of shops	99
Development of additional operations of major service station brands	99
Business types of major automobile-related retailers	100
Aftermarket retail operations of major automobile manufacturers	100
Retail market size of used automobile products	101
Major used car product shop chains/The number of stores	103
Results of Consumer Surveys (Automobile Products, Used Automobile Products)	
(1) Consumer behavior when purchasing automobile products	104
(2) Impression of automobile product shops	106
(3) Usage of used automobile product shops	108
Business performance of 5 major automobile product wholesaling manufacturers	110
Business performance of 2 major automobile product wholesaling and retail	

companies	111
Business performance of 3 major retail companies	112

6. Repair Components

Estimate of shipment value of repair components	117
Method of calculating average cost to sales ratio of automobile repair components per shop	117
Repair components: Domestic shipment (For reference)	118
Business performance of 27 major automobile component wholesaling companies	120

7. Recycled Parts

Classification of used parts	125
Definition of Recycled Parts	127
Recycled Parts Distribution Network	127
Recycled Parts Shipment	128
Used Parts Distribution	129
Rebuilt Parts Distribution	129
Use of Recycled Parts	130
Major Rebuilt Parts Suppliers	131
Advantage of Car Repair with Recycled Parts in Insurance	133
Schedule of Introduction of the Automobile Recycling Law	134
Basic Gist of the Automobile Recycling Law	135
Recycled Parts Sales by Automakers	136

8. Automobile Service Industry

Size of Automobile Service Market	141
Service Revenue by type of job	142
Average Service Revenue per Establishment	143
The Number of Service Establishment by Type of Business	144
The Number of Automobiles Passed Vehicle Inspection	145
The Number of Automobiles Passed Vehicle Inspection by Method of Inspection	146
Average age of automobiles by type of cars	147
Average length of automobile use by type of cars	147
Major Vehicle Inspection Chains: The Number of Franchisees	148
Tubasa System's Business Operations	149
Promotional Strategies of Japan Automobile Promotion Association	151
Results of the consumer survey (Regular checkup, compulsory automobile inspection, light sheet metal and repair works)	
(1) Car Owners' Usage of Business Categories for Check-up Services, and Expectations	153
(2) Car Owners' Usage of Business Categories for Automobile Inspection Services, and Expectation	154
(3) Car Owners' Usage of Business Categories for Light Metal Works, and Expectations	154
(4) Car Owners' Usage of Business Categories for Repair Services and Expectations	155

9. Automobile Maintenance Equipment

Sales of Automobile Maintenance Tools and Equipment	160
Business performance of 4 major automobile maintenance tools/equipment dealers	162

10. Automobile Insurance

Status of Voluntary Insurance (1) (Auto Insurance + Mutual Aid Traffic Accident Insurance)	166
Status of Voluntary Insurance (2) (Voluntary automobile insurance only)	167
Insured Ratio with Voluntary Automobile Insurance (Voluntary insurance only)	168
Status of Compulsory Insurance (1) (Insurance + Mutual Aid)	169
Status of Compulsory Insurance (2) (Compulsory Auto Insurance only)	170
Major Non Life Insurance Group	171
Major Direct Sales Automobile Insurance Companies	171
Subsidiary Non-Life Insurance Company of Major Life Insurance Companies	171
Number of Non-Life Insurance Agencies	172
Financial Statement of the Group Companies of The General Insurance Association of Japan	172
Theft Insurance: Loss paid	172
Automobile Thefts and Crime-Arrest Ratio	173
Status of Traffic Accidents	174
Seat Belt Use Rate	175
Results of the consumer survey (Voluntary automobile insurance)	177

11. Gas Stations

New Gas Station Business Development by Oil Wholesalers	182
Car Accessory Stores operated by Oil Wholesalers	182
Sales Volume of Gasoline and Diesel Oil/Number of Gas Stations	183
Status of Market Entries from Other Industries	184
Historical Transition of Gross Profit of Gasoline Retail (yen/litter)	184
Historical Change of Crude Oil Price	185
Fuel Price Transition	185
Business performance of 21 major companies operating gasoline stations	186

12. Parking Lots

Classification of parking facilities by the Parking Lot Law	192
Business Structure of Parking Lot Operation	193
Business performance of 10 major companies operating parking lots	197
