### ◆ Research Outline

**Yano Research Institute has conducted a survey on the domestic cosmetic market with the following conditions:**

1. Research period: From June to September, 2017
2. Research targets: Cosmetic brand manufacturers; cosmetic contract manufacturers, cosmetic raw material makers/trading firms, and distributors
3. Research methodologies: Face-to-face interviews by the expert researchers, survey by telephone, and literature research

### ◆ Key Findings

#### ■ Domestic Cosmetics Market in FY2016 Grew to 2,471.5 Billion Yen, 102.9% on Y-o-Y Basis

The domestic cosmetic market in FY2016 attained 2,471.5 billion yen, 102.9% of the size of the previous fiscal year, based on the shipment value at brand manufacturers. Inbound tourism demand from foreign tourists contributed to the stable market just like in FY2015. Also, the increasing demand of cosmetic products against a backdrop of economic recovery and highly functional brands and products that have been newly marketed by some cosmetic makers, both of which have given rise to market expansion.

#### ■ Favorable Sales of Cosmetic Products for Sensitive Skins, Natural and/or Organic Products within Skin Care Category that Occupies 46.5% of Entire Market in FY2016

The domestic cosmetic market by product category in FY2016 has continued showing all the categories to have exceeded the results of the previous fiscal year. With regard to the skin care category, the largest category to occupy 46.5% of the entire cosmetic market, the cosmetic products for sensitive skins, all-in-one gel, natural and organic cosmetic products have sold well. Also, “cushion foundation,” a new form of liquid foundation, and lip colors in the make-up category, shampoo and treatment developed to be natural cosmetic products and business-use hair-coloring treatment in the hair care category have respectively shown strong sales. In the fragrance category, such expensive products as “maison” brands and fashion fragrances have sold well in FY2016, just like in the previous fiscal years. In the men’s cosmetic market, odor-caring haircare products have continued the favorable sales, successfully responding to the demand to take care of unpleasant odor.
